

Make Sid Seagull SunSmart!

Whatever the weather, use five SunSmart steps from mid-August to the end of April. Check the free SunSmart app each day for the sun protection times.

Colour in Sid Seagull and his SunSmart gear. Cut along dotted lines on the hat, sunscreen, sunglasses and shirt.

Glue them to Sid.

Assemble Sid and the tree so they stand upright. Stand Sid Seagull under the tree.

To make the tree and Sid Seagull stand upright cut along dotted line A and B and slot together.
