Well the sun is bright
And the moon looks white
The earth is round not flat
But on a sunny day
Outside to play
Don't forget to always wear your hat

Wear your hat
Wear your hat
On a sunny day wear your hat
The moon looks like white
But when the sun is bright
When you go outside and wear your hat

We all love to play on a sunny day
Ball games and sometimes we use a bat

But on a sunny day
Outside to play
Don't forget to always wear your hat

Wear your hat
Wear your hat
On a sunny day wear your hat
The moon looks like white
But when the sun is bright
When you go outside and wear your hat

Hats are lots of fun they stop the sun
Making our face red and that's a fact

But on a sunny day
Outside to play
Don't forget to always wear your hat

Wear your hat
Wear your hat
On a sunny day wear your hat
The moon looks like white
But when the sun is bright
When you go outside and wear your hat

Wear your hat
Wear your hat
But on a sunny day
Outside to play
Don't forget to always wear your hat

Wear your hat
Wear your hat
On a sunny day wear your hat
The moon looks like white
But when the sun is bright
When you go outside and wear your hat
